

BIOLOGY 3671 - EVOLUTIONARY CONCEPTS - TUTORIAL GUIDE

Topic 12: Adaptation I

Adaptive Radiation
Convergent Evolution
Fit Between Form and Function
Condition Dependent Characters
Biogeography and Niche Evolution
Case Study: Damselflies
Incumbent Replacement

Tutorial 12: Become the teacher.

Give your group presentation to the class.

At the end of the presentations, select one of the following terms describing your term self-assessment on this task (exceptional, outstanding, very strong, strong, moderate, insufficient). Do the same for each study group as a whole. Submit all 'scores' with a brief justification to your GA before leaving.

Required Reading:

Morris and Lundberg 2011: Chapter 7: 217-237.
